[NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

**DECLARATION IN SUPPORT OF PETITION TO REVIVE (37 CFR 1.137(b))
ESTABLISHING UNINTENTIONAL DELAY**

Sir:

In the above abandoned application, applicant hereby respectfully submits the following summary of facts and explanation showing unintentional abandonment and delay in revival of the subject application.

1. The above application was filed on 10/14/03 and a filing receipt was issued by the Office on 1/15/04. The application was in good standing at that time.
2. Recordation of assignment was received in our office on 5/24/04.
3. The application was examined and Office Action letter was mailed to our office on 3/21/05. Client was notified in our letter of 3/28/05.
4. Client was non-responsive to email and phone attempts to determine how we should respond to the Office with respect to the Office Action.
5. Notice of abandonment was received from the Office on 11/10/05 and the paper docket was marked "abandoned" and the electronic docket file was closed as

shown in Exhibit A, enclosed, a photocopy of our electronic docket showing the application as closed on 11/14/05 with a note identifying the abandoned archive box 16 into which the paper docket file was placed..

6. Client was notified of the abandonment on 11/14/05 and responded immediately asking for our office to petition to revive the application.
7. On 12/22/05 I informed client that we would petition the Office to revive the application and sent client a copy of our Office Action rebuttal (enclosed). Client gave the okay to move forward with the petition to revive.
8. However, although I requested that the application be moved back into active status, our clerical staff failed to remove the paper docket from the abandoned file or to reinstate our electronic file.
9. At this time, the end of 2005, my paralegal clerk with over six year experience in my office had left our employ and a part time clerk was filling in for her until I could find a replacement, and it was an oversight on her part and mine that this application was not placed back into our active status records. This went unnoticed until our recent, end of year document review, wherein on 12/15/06 we discovered that we had inadvertently and unintentionally not petitioned to revive this application.
10. At this time we are using highly experienced legal clerical staff members and have added procedures in our office to prevent a repeat of this experience. I firmly believe that this could not happen again.

Respectfully submitted,

By:
